

Dear Kerry

Thank you for helping us decide which windows were right for us. Your staff was extremely helpful, and I am so happy with the outcome I received from you.. I wish all businesses treated customers like your company. It's hard to find a company that would treat their customers as professionally and respectfully as you do.

My wife and I went to the home improvement show and looked over so many windows that only confused us! We didn't want to buy windows that were of lower quality and overpay for them. It's hard to truly tell which salesperson is trying to put you together and which one is truly concerned about their customer's needs. I have to honestly say that you spent way more time and questioned us all the way. You ensured us that we picked the right windows. On top of all that, I couldn't believe how quickly you ended up putting them in! How awesome!! Usually, you are put on a waiting list forever. Also, some contractors don't even want to do business with you if they can't make a ton of money.

I personally feel that we got the best of everything. Service, price, and installation were all equally important to us and you provided all of them.

Sincerely,

Mike and Michelle
